

Bringing life to space

Own your space. Brand your occasion.

Kaplonk is a temporary furniture and decor system that transforms any space, anywhere!

Designed specifically for functions and events the system is provided in three different Kaplonk Apartments or as Kaplonk Settings allowing event managers to become event designers.

A range of finishes and colours are available to choose from and a simple cable-less illumination system can be integrated to deliver a stylish branded environment for your next event.

Kaplonk. With one call we can bring life to your space.
